C2

Thousands of young passengers count on you everyday to get them to school and back. Safe and sound. The Saf-T-Liner® C2 was built with these very passengers in mind. It's safe. It's reliable. And it's innovative. We've revolutionized the school bus with outstanding maneuverability, state-of-the-art driver ergonomics and the most visibility among all Type C buses. And with one of the most extensive dealer networks in the industry, there's always support nearby when you need it. That's innovation for the sake of every kid's commute. That's Thomas Built Buses.
