

Dear Thomas Built Buses,

I think Mrs. B, a bus driver at Buckner Elementary, should win the Bus Driver Contest because she is nice, caring, and serious. She is nice because we say hi to each other every time I get on the bus and every time I get off the bus at home and school. She is caring because once I lost something on the bus and I told her about what had happened and she said that she will look for it and give it to me. Later I went to the office to see if it was in the lost and found. I found the thing I lost with a mini posted note on it that said Andrew. I knew that she found it. And she is serious because when someone dose something she doesn't like, she is serious. And that is why I think Mrs. B should win.

From,
Andrew
