

Mrs. Renea Cataldo is the best bus driver. Mrs. Renea gives us treats for every holiday. If it's somebody's birthday she gives special presents for a boy or girl. She also puts ribbon on their seat.

What really makes her special is her inside kindness. When I was getting off the bus, I fell on the street and broke my arm. Mrs. Renea was so upset that she came to my house after surgery and brought me a goody basket with a get well balloon. She called to check on me too.

Mrs. Renea always plays good music. She plays a girl song and then a boy song and sometimes she does a mixture of boy and girl music.

Mrs. Renea, hands down, should be bus driver of the year.
